novità 2023

Isocolor presenta un'inedita collezione di 10 nuove grafiche che evocano i canoni d'haute couture. Motivi scenografici e ricercati per un parato elegante e prezioso, per soddisfare un pubblico esigente, alla ricerca di prodotti eccezionali, capaci di contribuire alla creazione di habitat unici, alternativi, esclusivi. Disponibili in tessuto non tessuto, in ibra di vetro (ideale anche per esterni) e nella versione acustica fonoassorbente, le carte da parati Iso-color colpiscono a prima vista e conservano la loro bellezza nel tempo: resistono perfettamente al calore, sono idrorepellenti e completamente Made in Italy.

Isocolor presents an unprecedented collection of 10 new graphics that evoke the canons of haute couture. Spectacular and refined motifs for an elegant and precious wallpaper, to satisfy a demanding public, looking for exceptional products, capable of contributing to the creation of unique, alternative, exclusive habitats.

Available in non-woven fabric, in fiberglass (also ideal for outdoors) and in the acoustic sound-absorbing version, Isocolor wallpapers strike at first sight and retain their beauty over time: they are perfectly resistant to heat, are wa-ter-repellent and completely Made in Italy.

MATERIALI / MATERIALS

ISOPAPER MIDDLE

Carta da parati in tessuto non tessuto (peso 380 gr/mq) con finitura leggermente tramata in rilievo, rivestita in PVC.

Non-woven wallpaper (weight 380 g / m²) with a slightly textured finish in relief, PVC coated.

ISOPAPER WORKED

Carta da parati in tessuto non tessuto (peso 380 gr/mq) con finitura gofrata, caratterizzata da filamenti più marcati, rivestita in PVC.

Non-woven wallpaper (weight 380 g / m²) with embossed finish, characterized by more marked filaments, PVC coated.

ISOPAPER TOUCH

Carta da parati in tessuto non tessuto (peso 380 gr/mq) con finitura tramata effetto tessuto, rivestita in PVC.

Non-woven wallpaper (weight 380 g / m²) with a textured finish with a fabric effect, PVC coated.

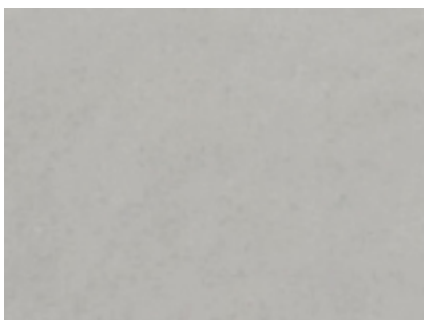

ISOACUSTIC

Carta da parati fonoassorbente in fibra di vetro, accoppiata ad un materassino alveolare sp. 3 mm. Caratterizzata da una tessitura esterna ad ordito a trama larga.

Sound-absorbing wallpaper in fiberglass, coupled with a honeycomb mat sp. 3 mm. Characterized by an external weave with a wide weft warp.

GREEN

Semilavorato murale in tessuto non tessuto senza PVC (peso 150 gr/mq) in cellulosa e fibre.

Wall semi-finished product in PVC-free non-woven fabric (weight 150 g / m²) in cement and fiber.

FIBRAGLASS

Tessuto non tessuto in fibra di vetro con finitura liscia. Per interni e ambienti umidi. Da resinare con i prodotti in dotazione, Fibraglass acquista la resistenza necessaria per essere impiegata negli ambienti indicati.

Non-woven fiberglass fabric with smooth finish. Proposal for interiors and humid environments. To be resined with the products supplied, Fibraglass acquires the necessary resistance to be used in the indicated environments.
